What is Barco?

- A web-based back-office system designed to help our Rotary Club.
 - Manage company interactions in a professional manner
 - Manage charity interactions in a professional manner
 - Store documents needed for instant access
 - Manage meeting and Social event participation
 - It also provides
 - Team specific reports for team coordination and oversight based on access rights
 - Manage the club's userbase and their individual access and rights

Overview of basic user capabilities

Capabilities assigned to all club members without any additional access rights

Events and Companies (Fundraising)

- The Events area lists only **FUNDRAISING** events
- For Club internal Meetings and Social events see Meetings and Reports
- 'Companies' list all companies that have support club Events
- Support entries require both a Company and an Event

Events – Basic Club User

For a basic club user this is a library viewer.

Events refers to Events run by the Club with support/sponsorship/stalls from exterior companies

They can select an event and view the companies that have supported that event.

They do not have any Edit, Add, or Delete capabilities

They can also select a company that supported the event and see a selection of the data about that company and what overall support they have given the club

They can also add CRM entries if they have met or interacted with the company concerning an event

Edit attendance (shown on next page)

Edit personal dietary requirements

For social meetings only you can add a guest (e.g. partner, friend etc. coming with you.)

Manage Attendance

Clicking the Edit Attendance link brings up a screen showing meeting event details.

The assumption is that all members are attending a meeting and therefore if you can't attend you need to uncheck the box and submit.

If you have previously said that you can't attend and your circumstances have changed bring up the page shown and just submit. The 'tick' will override any previous entry.

User	Company	Date (GMT)	Comment
MaxWeatherby	Stratstone BMW	April 29, 2026, 2:57 p.m.	Onsite meeting with Daniel J and Emma E plus 2 colleagues. Daniel is MD of the dealership but s new to Bury and the firm. He wanted to know all about the car show and WIFM ? So I was able to show photographs and details from our website etc. They plan bring the same show unit as before plus a selection of cars to be set up on Saturday night. I offered a dozen tickets but they are interested in sending more out to favoured customers. I suggested we could arrange this at a price to be agreed. Also discussed possibility of including a classic BMW alongside new models. Showpiece car will be the iX3. I reminded them that we cannot insure their property left overnight. Emma is handling marketing and I requested updated logos and other media including some photos that could be used on our social media. Daniel takes a commercial view and happy to support our charities as long as the event enables them to target more customers. Their wasn't enough time to ask him to define what success looks like ? But that is a question for next time. It was a shames that I was flying solo on this visit so suggest any future visit with at least 2 of us in attendance. Good news is they are treating this as a new opportunity so scope to repeat if "successful". Daniel likes fact that neither Audi nor Mercedes are there. Action points for Max to follow up with Emma & Daniel.
MaxWeatherby	Grey Detailing	April 17, 2026, 8:05 a.m.	Grey Detailing will not be a sponsor at the 2026 car show. Grey has been very unwell and having to wind down his business. Max had an email exchange with him and will call him to express our thanks for past support and wish him well for his recovery.
		April	Max called Emma Evans to introduce himself and initiate a meeting to discuss Stratstone's show stand at this year's car show. There is a whole new

Document Manager 1/1

The additional features for someone with DocumentManager access are limited to the ability to delete documents when listed by 'Type'

This allows previous versions of documents that are regularly updated to be removed e.g. Social Calendar

Barco then asked for confirmation before actually deleting both the file and database record.

Meeting Manager 2/4

– Add/Edit a meeting

Some fields on the add form shown are been prepopulated from Club Defaults (See Author access capabilities)

All fields on the edit form will be prepopulated with the present values of the meeting being edited.

The date field has a calendar dropdown to make picking a date easier

The meeting 'Type' is 'Business Meeting' or 'Social'. This is important as it determines the reminder emails.

The bottom three boxes are the schedule that the 'reminder emails' will be sent and the number of days before the event that a member's attendance can be changed in Barco.

Meeting Manager 4/4

– Meeting Report

MeetingManager access means that you can view a report for a specific meeting.

This provides :-

1. A summary of the meeting attendance
2. Who's attending
3. Who's not attending
4. Dietary requirements
5. And the ability to email the report to the Users registered email

The report is then used to notify the venue albeit a Business Meeting or a Social Meeting with numbers and any dietary requirements.

– Club Defaults

The Author can change the defaults used by other parts of Barco, such as :-

1. Club Link – used to direct the link under the Rotary Logo on every page.
2. Default Secretary Details section provides the signature block on reminder emails.
3. Default Meeting Details defines the place and time that is prepopulated when the MeetingManager adds a new meeting.
4. Reminder Email Settings defines the values that are prepopulated when a new meeting or social event is entered. These can be changed on a per-meeting basis if required.
